

March 30, 1944.

Mr. W. C. McKern, Director  
Milwaukee Public Museum,  
518 W. Wisconsin Avenue,  
Milwaukee 3, Wisconsin.

Dear Sir:

Under date of February 3, 1944, we wrote you concerning the change of our meeting place from the Trustees' Room to the new Conference Room. In your letter to us of January 20, 1944, you asked our group for an expression of its reaction to the new room.

To date, we have had six meetings in the new room and our Club wishes to express to you its appreciation for your consideration and welfare of our group. All of our members agree that the new Conference Room is much more satisfactory than our old Trustees' Room and none has objected to its location on the second floor rather than on the First floor. The cheerfulness and better light, as well as the acoustics have been commented upon favorably by our members.

We sincerely appreciate the privilege of being able to hold our meetings at the same time and having the same accommodations which our Club has grown accustomed to throughout the period of 25 years during which time it has been in existence. We are proud of the fact that the Milwaukee Radio Amateurs' Club is the oldest active amateur radio club in the world.

Again we thank you and hope that our group will continue to be favored by your kind consideration.

Yours very truly,

Secretary.
